A request for continued examination under 37 CFR § 1.114, including the fee set forth in 37 CFR § 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR § 1.114, and the fee set forth in 37 CFR § 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR § 1.114. Applicant's submission filed on December 1, 2003, has been entered.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: After an updated search, the previously applied references to Hanzawa et al, Takahashi, Nakamura et al, and Edwards et al remain the closest prior art of record. After carefully reviewing applicant's comments regarding these references, and after studying the claims as amended on December 1, 2003, the Examiner has concluded that the references neither disclose nor reasonably suggest the invention set forth in applicant's pending claims. It is agreed that none of the above-identified references (alone or in any combination) disclose or reasonably suggest a coupling module as claimed herein, wherein light is transmitted from at least one optical fiber (in a first ferrule) to a plurality of optical fibers (in a second ferrule) or vice versa, and which also includes an intervening optical element and with ferrule fiber-holes positioned as specified. Claims 2-31 herein are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (571) 272-2351. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to the Technology Center 2800 receptionist at telephone number (703) 308-0956, to the technical support staff supervisor (Team 2) at telephone number (571) 272-1615, or to the Technology Center 2800 Customer Service Office at telephone number (571) 272-1626.
